

Health and Care

ONE RECORD FOR BETTER HEALTH AND CARE

One Health and Care is a confidential digital shared care record for people living in Staffordshire and Stoke-on-Trent due to go live early 2020.

One Health and Care brings data together from the different health and social care records held at the organisations involved in your health and social care.

- Health and social care staff from GP Practices, hospital trusts, community and mental health trusts and social care will be able to access your digital shared care record if they are directly involved in your care
